

# C 511 NE/10K

Technical summary | 230 V | EN

|                             |                          |
|-----------------------------|--------------------------|
| <b>KSB reference</b>        | 29128703                 |
| <b>Variant</b>              | C — for aggressive water |
| <b>Float switch</b>         | No                       |
| <b>Cooling jacket</b>       | Yes                      |
| <b>Power supply</b>         | 1 x 230 V                |
| <b>Frequency</b>            | 50 Hz                    |
| <b>Rated speed</b>          | 2850 rpm                 |
| <b>Input power P1</b>       | 1.45 kW                  |
| <b>Rated power P2</b>       | 1.1 kW                   |
| <b>Free passage</b>         | 10 mm                    |
| <b>Discharge connection</b> | G 2                      |
| <b>Cable length</b>         | 10 m                     |
| <b>Cable conductors</b>     | 3 x 1.00 mm <sup>2</sup> |
| <b>Weight</b>               | 16.5 kg                  |

## Application and selection

Confirm fluid compatibility, required flow rate and total head.

Check installation suitability and electrical protection before ordering.
